# MISSION

*CLCC is an ideal Engineering/Medical entrance training centre committed to the highest standards of academic Excellence and human values, where students are strengthened to learn, experience, lead and succeed.*

*“Behind every success  
there is a mentor's plan”*

**DIRECTOR  
CLCC**

## ABOUT US

*The vision flowered in the mists of time  
The fragrance continues.....*

CLCC is the fastest growing and leading institute for the preparation of JEE MAIN, JEE ADVANCED, NEET, AIIMS, JK CET (ENGG.) and other Engg. & Medical Entrance Exams.

CLCC was established in 2003 and since its inception it has aimed to give stupendous coaching to its students and produce top results in engineering and medical entrance exams. CLCC boasts of its rich teaching experience, tested study materials and about 10,000 alumni excelling in their future endeavors.

Our main focus is on guiding an aspirant in the best possible way.

## DIRECTOR SAYS

Dear Parents,  
Greetings

At the outset I would like to express my gratitude for your trust placed in CLCC. I understand the historical importance of time, place and action. Today you have to take the most important decision for your child's career, which depends upon selection of the right coaching institute to shape future of your child.

As a parent, you definitely want the best for your child and I am happy to be working with you to make sure that they are given the true knowledge to face the challenges in their career. An important role CLCC plays at this end is to link the depth and breadth of energy and experience to the enthusiasm and intelligence of this generation of achievers.

The talent and energy which our students possess need to be nurtured, shaped and channeled in a right direction. Our combined efforts would bring out not only the best in their career but the best in their lives. CLCC offers the right balance of coaching quality and healthy competitive environment to make the students' time here the best of their lives.

We feel confident that we can offer the right balance of coaching quality, student and healthy competitive environment to make your time here the best of your life.

We are proud to provide quality education by equipping our students with skills, confidence and positive approach with an all round development. An amicable environment at our institute nurtures creativity, passion, resilience and leadership qualities.

I am sure you will enjoy browsing through the prospectus.

I wish you a very rewarding experience at CLCC

With regards  
Director, CLCC

## VISION

The Most important decision in your life is the one, you take concerning your career. At CLCC, we help to shape your future by transforming your dreams into reality. As an institution, CLCC has helped to create many success stories. Our objective is to provide high quality, practice based programs that help you to get through Competitive Examinations. CLCC inculcates in you, a modern spirit and positive attitude, coupled with the means to succeed.

At CLCC, we play a crucial role in your life. We are your reliable allies helping you in every way to shape and build your future. If you aspire to be an engineer/doctor, you need to be at CLCC. With our specialized supervision and well-researched teaching methodology, we partner you in your march to success.

A competitive environment, cutting edge knowledge pool and comprehensive study material put us far ahead of our competitors. Years of experience and dedicated and highly trained faculty ensure that you obtain that critical edge which gives you a clear lead compared to your competitors in the pursuit of your goals.

A responsive and lively environment makes the whole process of learning, a fun and enriching experience. The peer group forms a valuable informal network that

supports your efforts and directs collective energies to improve your probability of success.

With 0.7% admission rate, JEE is one of the toughest and highly competitive examinations around the globe. To succeed, proper guidance, focus and firm determination are necessities.

CLCC provides the right guidance, knowledge and moral boost that students require to excel. This journey, here with us not only helps them in exams but prepares them for the many challenges they will face in their future endeavors.

Apart from a strong technical foundation, the CLCC programs also ensure that you are mentally attuned to face the challenge of competitive examinations.

Where success becomes a habit – not just in Exams –  
But in life as well

## WHY CLCC

### FACULTY

*"A good teacher can inspire hope, ignite the imagination and change lives with just the right mix of chalk and challenges".*

At CLCC when we talk about faculty, we mean teacher who embody a certain type of competence and character, knack (skill) and knowledge, outlook and outcome. The faculty is the principal driver of education through their direct involvement in every aspect of the institute viz. Academic, Research and Development.

CLCC is proud to be associated with a management actively involved in teaching, which has been instrumental in the evolution of CLCC to be ranked at the top. CLCC can boast of its highly qualified, experience and above all permanent faculty, quite unlike others. That is why, the students are not at risk that their favorite teachers would leave them in the lurch. The faculties are approachable and serving as guide and Guru at the same time.

Together we all make the difference.

### COMPREHENSIVE STUDENT MATERIAL

The coaching at CLCC is a proper mix of classroom sessions and highly comprehensive study material which is provided to every student enrolled for regular courses. The study material has been so well designed that it does not leave any topic or aspect uncovered. Our Strategic Study Material is modular in design. Each topic is completely covered in a separate lesson and there are predefined study hours for each lesson. The best thing about the study material of CLCC is that it matches very well with the latest exam syllabus and patterns. The study material that we provide is meticulously prepared by over experts.

### CLASSROOM SESSIONS

At CLCC, in regular classroom sessions, difficult concepts and topics are presented in a lucid manner so that students can easily comprehend the same. Following are some of the distinctive features of CLCC's Classroom coaching:

- Lectures on basic concepts
- Discussion on problem solving techniques
- Solving of typical problems
- Discussion on advanced topics and problems
- Discussion on tips and short-cuts, and

- Removal of doubts and difficulties  
The learning environment at the institute has been widely accepted as the best in Jammu and Kashmir

## REGULAR TESTS AND EVALUATION

*Examine your weakness | enhance your knowledge |  
Excel in results*

Periodic tests are taken at regular intervals to give ample practice to the students so that they learn to respond promptly to tricky questions with defined time frame.

The entire course for each of the subjects has been divided into modules. On the completion of every module, tests are conducted to evaluate the students. Test papers are designed on the latest patterns of exams by our expert faculty members. Each student is apprised of mistakes in the subsequent classroom discussion. In-depth, personalized feed-back based on extensive testing thereby reinforces strengths and identities and conceptual weakness of the students. Integrated approach of teaching and testing prepares students for both entrance and School/Board Exams.

## DOUBT REMOVAL

*Genius is mastery of doubts ..... Not absence of  
doubts .....*

CLCC arranges doubt removal session for its students so that their doubts are clarified, concepts are strengthened and confidence is boosted up by our expert faculty members during one to one interaction. The meticulously planned sessions paves the beginning of progress pathway to success by clarifying doubts from the very grass root level.

## INDIVIDUAL ATTENTION TO THE STUDENTS

CLCC conducts classes in small groups. By focusing on smaller batches of students we have never compromised on individual care and attention. The personal interaction between the Guru and Shishya generates a healthy environment that encourages the students to come up with their doubts and difficulties. Each and every problem faced by the students is systematically explained to their utmost satisfaction.

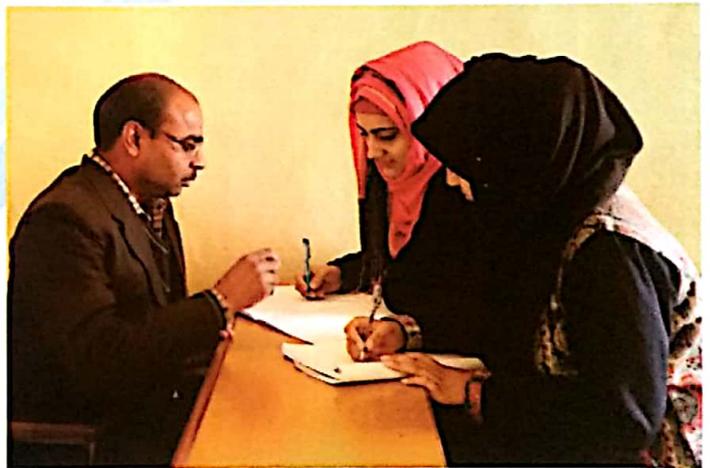

## MOCK TESTS

We, at CLCC, have realized that mental conditioning is equally important as academic knowledge. Sometimes even a hard working and well prepared student feels so overwhelmed by the examination that he is not able to perform well. Practice Tests designed by our experts being similar to the Entrance papers, help the students meet this challenge regularly and thus beat it eventually.

We believe it is essential that a well-framed periodicity of Identical Practice tests be maintained so that each student is psychologically well set and at the peak of his performance potential on the day of the final examination. Our Practice tests have been specially designed as a countdown to the final test, thereby gradually building up confidence of students and enabling them in overcoming tension.

## TRANSPORT FACILITY

CLCC provides transport facility for students for almost all the routes. The charges for transport facility are extra. The transport facility is available for regular classes and tests.

# TESTIMONIALS

**MOHD. RAMZAN**  
MBBS  
(GMC, JAMMU)

I, Mohd Ramzan, specially thank the entire faculty of CLCC for providing me, first the basic knowledge & then guidance throughout my NEET preparation. The test series was really extra ordinary. I also thank CL Sharma & Ankit Sir for guiding me towards this success. I am really proud to be CLCCian. I hope more & more students receive benefits from hard working staff at CLCC.

*Mohd Ramzan*

**ADNAN**  
MBBS  
(SKIMS, SRINAGAR)

Whenever, I trace back to my days of preparation the only thing that strikes my mind is Chaman Sir. I feel short of words to express my gratitude to such a fatherly personality. Sir's classes, I remember till date. Sitting in Govt. Medical College today, I whole heartedly own this to Chaman Sir and whole of this faculty in the form of CLCC... Every subject was so well-taught to the nitty-gritty of competition that I found the medical entrance paper as a normal revising fortnightly test that is conducted here in CLCC. The regular tests and doubt-clearing classes add pudding to cake. Apart from academics, Sir provides all help you may need -- whether it is personal or for the matter of mastering CLCC caves out a diamond out of you.

Thank you CLCC for realising my dream of becoming a doctor.

*Adnan*

**ANVI GUPTA**  
MBBS

**DARSHPREET SINGH**  
MBBS  
(GMC, JAMMU)

I, Darshpreet Singh joined CLCC in April 2013. The able teachers of CLCC have always encouraged and guided me to do hard work. It was only because of their guidance that I was able to qualify JEEET in the first attempt.

**ANMOL CHAMAN  
ENGG.  
(IIT-KANPUR)**

JEE is one of the most competitive exams in India. Clearing it requires focus, determination and guided study. Faculty and management at CLCC guided me at every step of my journey. With Experienced faculty, tested study material and excellent counsellors, I recommend CLCC to all the students aspiring to join the IIT's.
